

## Information on artwork

- Make a pdf with all text converted to outlines.
- Always include a 5 cm bleed (2 inches)
- Save your PDF as Acrobat 6 (PDF 1.5) or newer.
- Please enclose colorproofs, layouts. Set flat colors as PMS, or else as CMYK

## Image resolution

Images up to 10 sqm (100 sqft) should have at least 50 dpi. Bigger images should have at least 30 dpi. This in scale 1:1.

## Useful stuff on our web

Under Contact/Support on our web page you can find our standard color profile and a calculator for optimal resolution.

Artwork can be delivered via e-mail, FTP, CD, DVD or USB.

wetransfer.com is a good option for anyone who want's to send files online.

## Filformats

We accept your artwork as a PDF from PC or Mac. Artwork without text and logos can also be sent as psd, tif or jpeg.

It is important that your artwork contains high res images and also that any linked file is included.

## We can help

To convert open document formats to PDF.

We can also help you scan, make layouts, convert artwork, retouch and more.
